Key Highlights – FY15

Acquisition of Birla Textile Mills

- Ω Board of Directors approved the purchase of Birla Textile Mills (BTM) as a going concern on a slump sale basis
- Ω BTM, a unit of Chambal Fertilisers and Chemicals Ltd, is located at Baddi, Himachal Pradesh
- Ω The consideration for purchase of BTM works out to Rs 232.63 crore (including net current assets) subject to closing and other adjustments, if any.
- Ω Margin accretive transaction will be funded through a mix of Internal accruals, debt & other options
- Ω BTM's present capacity of 83,376 spindles – manufacturing cotton, synthetic & blended yarn in Grey & dyed form; STIL's total spinning capacities to reach 3,77,112 spindles post-acquisition
- Ω During FY15, BTM reported revenues of Rs. 413 crore
- Ω Transaction to be effective from April 1, 2015 – subject to approval from shareholders and other statutory clearances

Increasing capacities resulted in Strong contribution from high margin Value Added Cotton Mélange and Cotton Blended Dyed Yarn

- Ω Commenced commercial production of Value Added Cotton Mélange and Cotton Blended Dyed Yarn from its additional 31,104 spindles installed at its unit - Chenab Textile Mills, Kathua (J&K) w.e.f. 1st November 2014 at a cost of Rs.151 crore.
- Ω Existing total spinning capacity stands at 2,93,736 spindles, of which ~96,000 spindles are utilized to manufacture Cotton Mélange and Cotton Blended Dyed Yarn
- Ω The Company targets achieving higher utilization than planned within the first full year of operations (FY2016) following higher acceptance of product from the customers
- Ω Higher output of value added products to enhance the Company's margins and profitability going forward

Key Highlights – FY15

Brownfield project - capacity expansion of Value Added Products

- Ω The Company's Board of Director has approved brownfield capacity expansion of 31,104 spindles at its Bhawani Mandi, Rajasthan facility
- Ω Incremental capacity would be dedicated towards producing Value Added Cotton Mélange and Cotton Blended Dyed Yarn
- Ω Estimated Project Cost is Rs. 235 crore to be funded by mix of internal accruals and debt
- Ω Work on the project is likely to commence from Q3 FY16

Augmenting Home Textiles Division

- Ω Expanding operations in Home Textiles division at one of the Company's units viz, Damanganga Home Textiles, Daheli, Bhilad, Gujarat. Post completion, the capacity in its existing facility will increase to 9.6 million metres p.a. from earlier 2.5 million metres p.a.
- Ω Total project cost - Rs. 88.5 crore
- Ω Project is to be completed in phases; with first phase to be operative in July 15 (Q2 2015)
- Ω Increased presence in Home Textile segment will result in further strengthening of Company's end to end operations – Yarn to Home Textile

Key Highlights – FY15

Modernization Update

Ω Invested around Rs. 58 crore during FY15, towards technology up-gradation and debottlenecking, etc. this will result in further improvement of efficiencies and plant utilization. It intends to make further investment of Rs. 53 crore towards the same

Award for Export Performance

Financial Performance – FY15

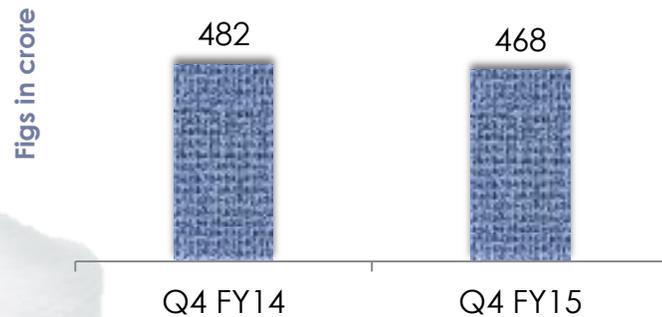

- Ω Stable revenue for the year despite higher production, as presence of headwinds such as sharp decline in raw material prices especially cotton & polyester resulted in lower realisations
- Ω Moderation of operating profitability and margins on account of sluggish demand and weak pricing environment
- Ω The Company reported a marginal decline in profitability despite operating in a challenging business environment

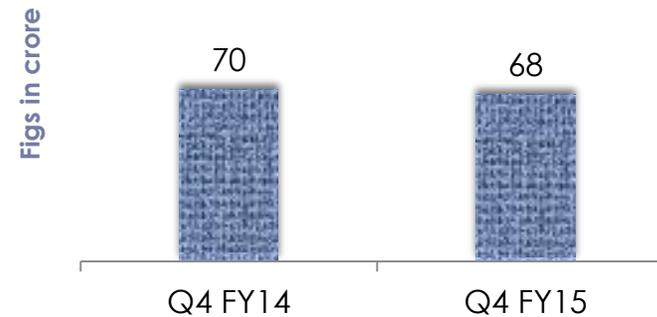

“Future growth levers: BTM acquisition, increased capacities of value added products, improved product mix & strong Balance Sheet”

Financial Performance – Q4 FY15

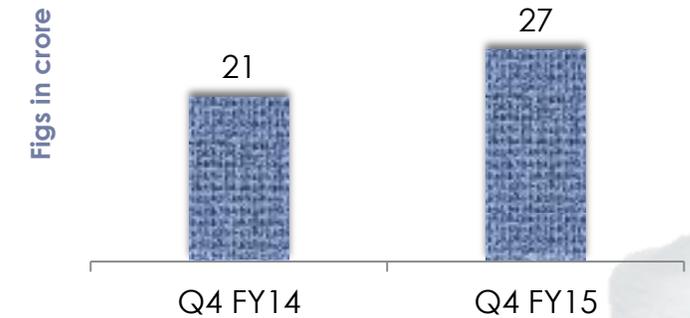

Revenue

EBITDA

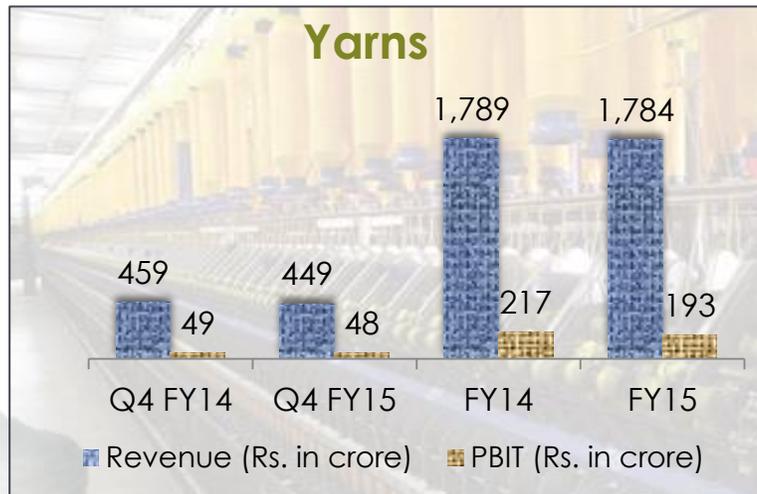

PAT

- Ω Revenue performance remained mixed during the quarter, with benefits from commissioning higher proportion of Cotton Mélange getting negated by softer pricing environment
- Ω Enhanced operating profitability following improved product mix & higher generation of margin accretive value added products
- Ω Profitability improvement owing to higher share of value added Cotton Mélange product in the overall product mix

Segment-wise Performance – Q4 & FY15

- Q4 FY15 PBIT stood at Rs. 48 crore as against Rs. 49 crore in Q4 FY14 and Rs. 193 crore during FY15 as against Rs. 217 crore in FY14.
- During FY15, the Company produced 74,983 MT as against 71,542 MT during last year.
- Proportion of high margin Cotton Mélange and Cotton Blended Dyed Yarn product increased in the overall product mix post commissioning of operations from new capacities.

- Revenues during FY15 stood at Rs. 101 crore as against Rs. 116 crore during FY14.
- Reduction in loss following the Company's decision of closing down weaving Division of Damanganga Fabrics due to unviable operating conditions during the year
- Expect the segment to deliver growth post completion of planned expansion. Increasing capacities to 9.6 million metres p.a. from earlier 2.5 million metres p.a

CHAIRMAN'S COMMENTS

Commenting on the results, Mr. C.S. Nopany, Chairman, Sutlej Textiles and Industries Ltd said, "The Financial Year 2015 has been a challenging year for the textile industry across the globe. Margins were under pressure due to lackluster demand and the sharp fall in the prices of crude oil and other commodities.

However, for Sutlej it was quite eventful. The Company has launched several initiatives to boost its top line as well as bottom line. We have exited the non-profitable segments of our business and have made considerable headway in improving margins by rationalizing our product mix.

Sutlej has entered into a MOU to acquire Birla Textile Mills with 83,376 spindles and has also started commercial operations from the new capacities that came online during the year. I am also pleased to announce that our Board has approved a brownfield project of establishing an additional 31,104 spindles to produce value added dyed mélange cotton yarn which will further increase our market share.

Looking ahead, we are excited and optimistic about our business as we believe that improving contribution from high margin value added products, coupled with prudent cash deployment and initiatives towards strengthening Home Textiles business will assist us in delivering better and consistent performance going forward."

Manifold Growth

Government Initiatives

The sector is expected to witness significant growth resulting in expanding from present size - \$100bn in 2013 to \$220bn by 2020

- Setting up of Textile parks across the country
- Setting up of venture capital fund (USD 16.53 mn) to provide equity support to start-ups in the Sector
- Integrated Skill Development scheme to train people covering all sub-segments of the sector, such as Textiles, Apparels
- Measures directed towards increasing Share of India's exports over the next decade

Business Outlook

1

Greater production of high margin value added products post the completion of capacity expansion plan to result in greater proportion of Cotton Mélange and Cotton Blended Dyed Yarn product in the overall mix

2

Acquisition of Birla Textile Mills to offer scale and size, besides synergies and economies of scale benefits which will enable growth acceleration

3

Enhancing capacities at Bhawani Mandi by adding 31,104 spindles dedicated towards manufacturing value added Cotton Mélange and Cotton Blended Dyed Yarn. Incremental capacities to be developed on Company's 30 acre free hold land

4

Sharpened focus on core yarn business coupled with renewed strategy for home textile segment to result in improved and diversified product mix, thereby enabling the Company to deliver sustainable performance

5

Higher production of value added items, increased capacity under home textile business and lowering of leverage to drive margins and profitability

6

Domestic Drivers - Changing lifestyle, growing population, rising disposable income and greater demand for quality products

Overseas Drivers - Recovery in developed economies; rising labor cost & political instability in neighboring countries
